- How is unemployment counted?
  Unemployment days are counted from the start of the EAD card start date.

- What if I can’t find a job?
  Fortunately, there are 90 days of unemployment days. Allowable employment during OPT include paid and unpaid positions that are directly related to your field of study at UCR.

- What will happen if I accumulate more than 90 days of unemployment during OPT?
  We recommend keeping an eye on how many days of unemployment time you accrue. Once you obtain a position, please be sure to report your employment to the OPT Portal to stop the unemployment clock. Exceeding more than 90 days of unemployment will put you out of F-1 status.
